How To Play *Age of Empires* With **V**oobly

## Looking to play *Age of Empires* with your friends?

Voobly is a multiplayer gaming platform designed to bring gamers from around the world together to enjoy their favorite PC video games.

After installing your copy of *Age of Empires* or *Age of Empires 2* on your computer, take 5 minutes to set up the Voobly client in 4 steps!

Step 1: Create your own Voobly account

Go to www.voobly.com and select "Register" in the top right corner

Fill out your new account info and select "Create Account"
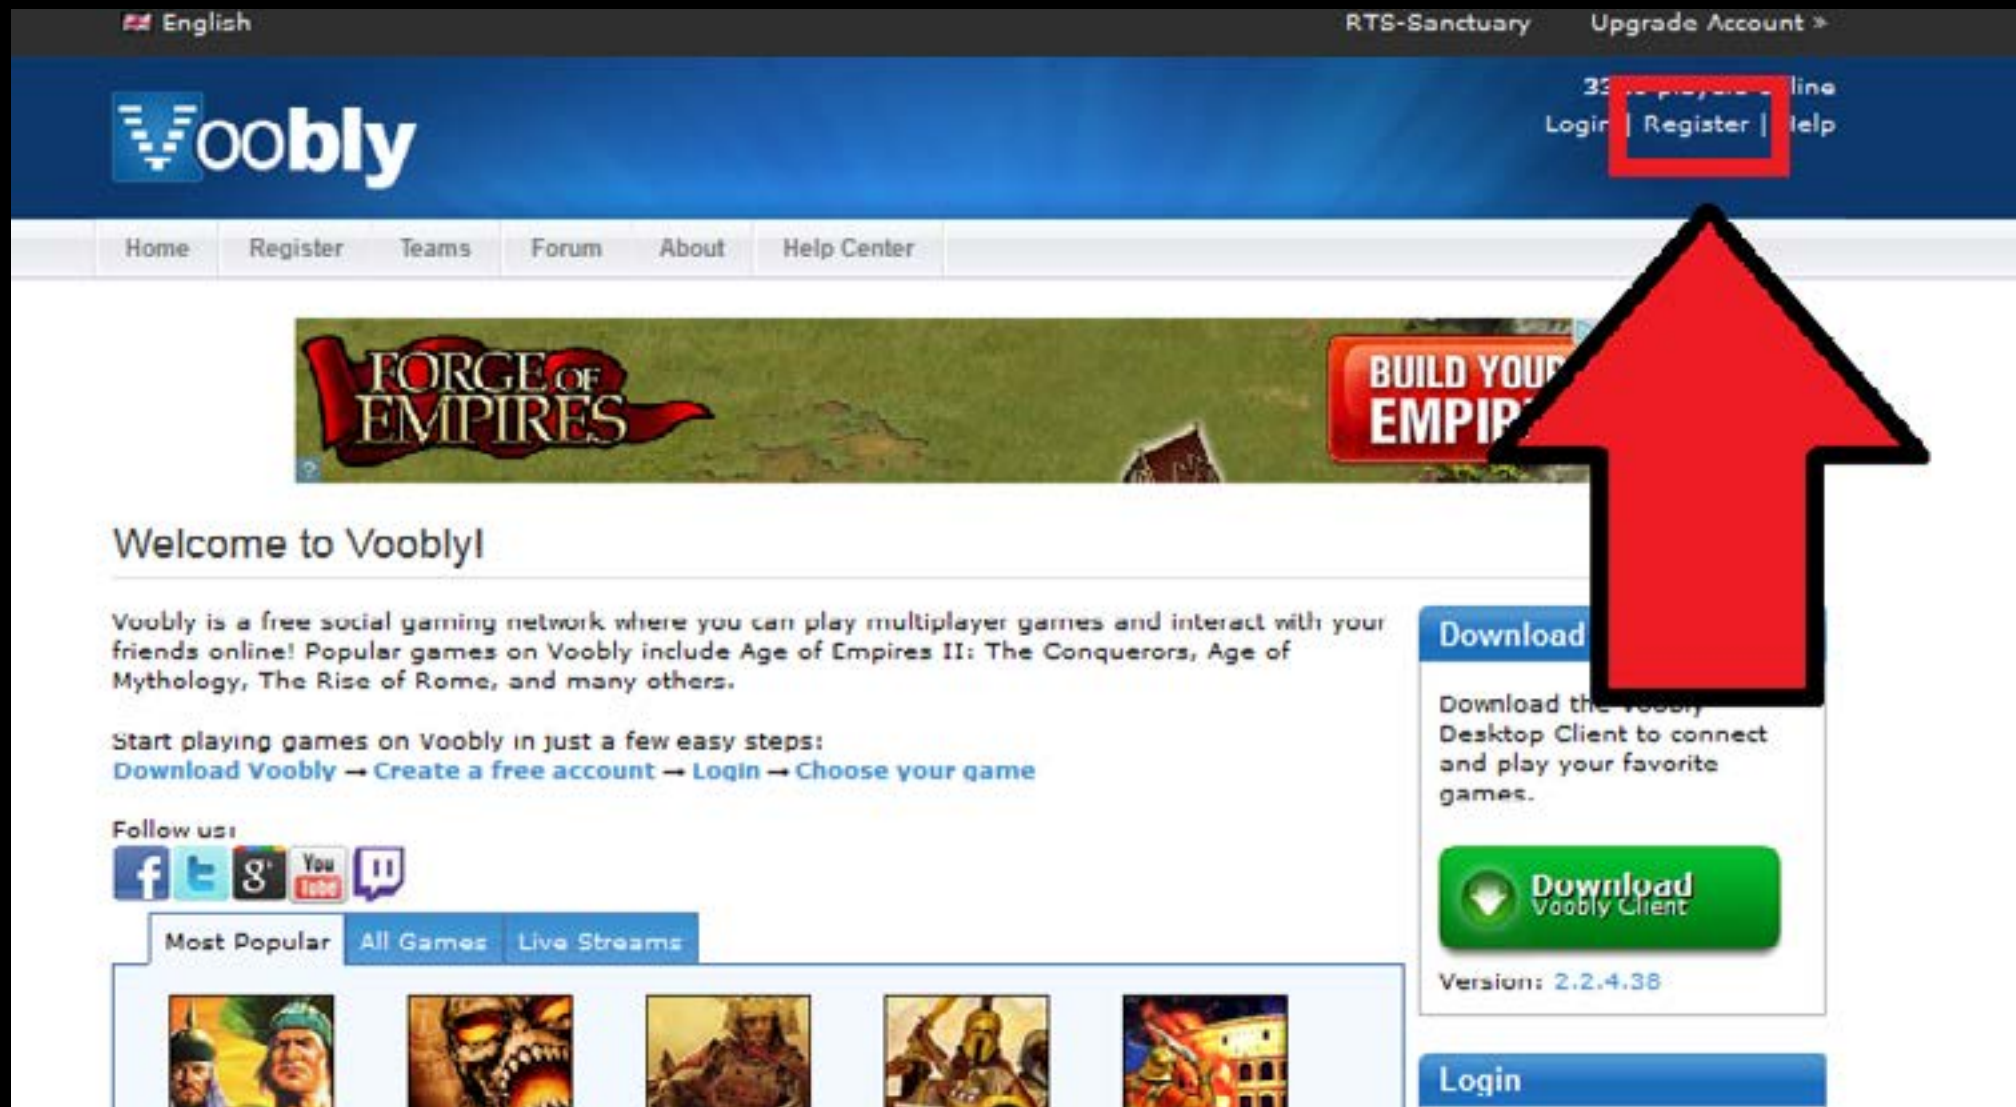

After creating your account, sign in by entering your username and password on the next page

Step 2: Download the client

On the Voobly homepage, click the big green button that says "Download Voobly Client"
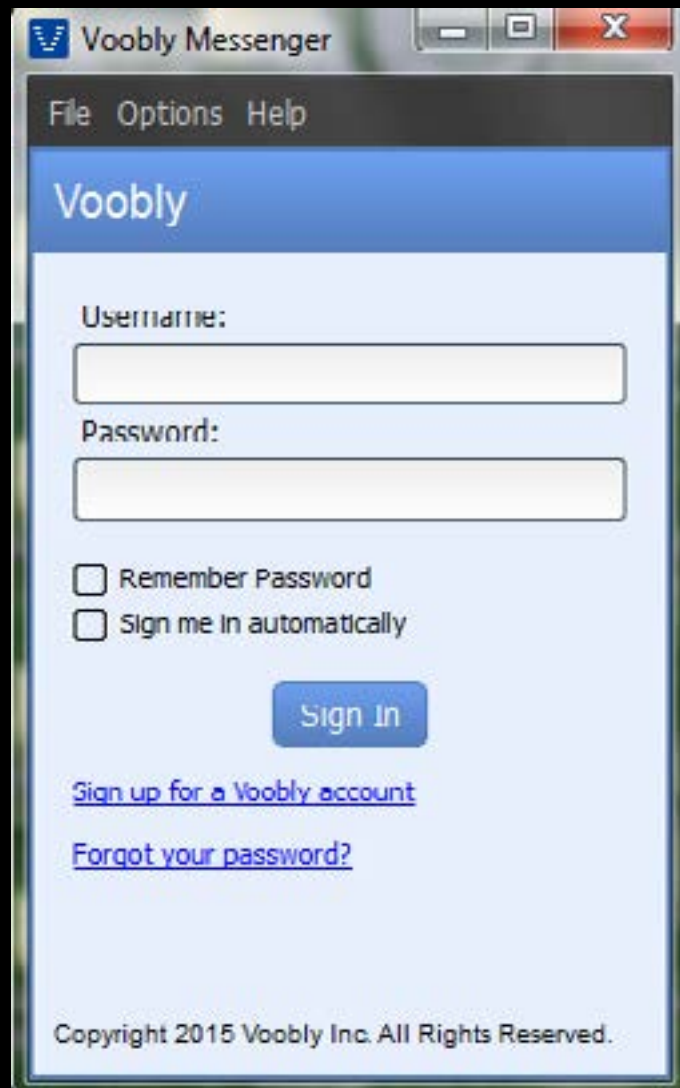

Save the binary file

Open the binary file, select "run", and follow the steps to install the client.

Step 3: Join a lobby

Search for *Age of Empires* in the Game List once the Game Browser opens up

Double click the Voobly icon on your desktop

Double click which lobby you prefer to join

# You desired lobby will open

Step 4: Host or join a game room

### Select "Quick Host" to host your own game room

Select "Join"
if you see an
existing game
you want to play

If you hosted your own game, edit the settings however you prefer

Press the green "Launch" button once you are ready to play

Alter the room size and choose a rated ladder and steal your opponent's points!

Sit and watch while 🔽oobly automatically opens your *Age of Empires* game for you

Now you're ready to conquer your enemies!
